

SPICER
ELECTRIFIED

e-Drive Systems

Spicer® Electrified™ e-Axle

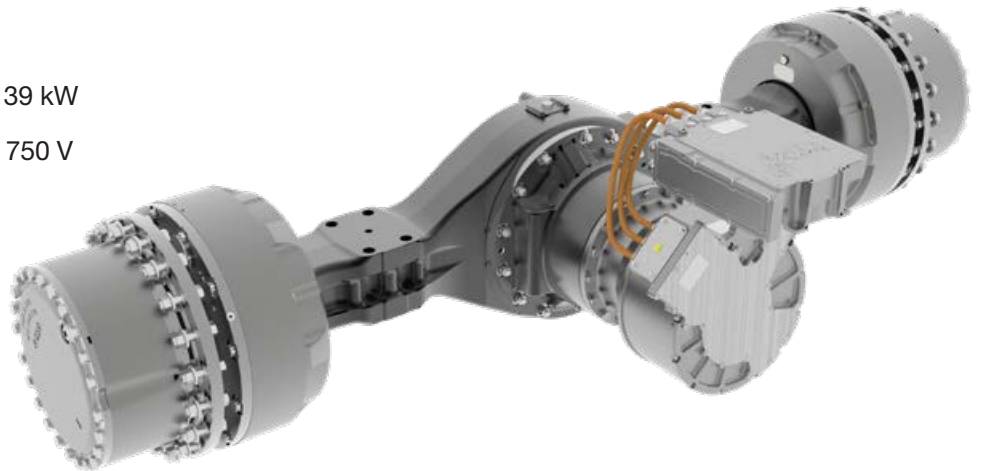

eS20D

Product Benefits

- Conventional axles driven by electric motor
- High driveline efficiency
- Compatible with IC-engine vehicles architecture
- Minimal impact on vehicle frame
- Multiple mounting types

Product Features

- Peak output power: 193 kW
- Continuous Output Power: 139 kW
- DC voltage range (V): 350 to 750 V
- Maximum current (A): 350 A

Ideal for Underground Mining Vehicles
